Biographies

Sesan Peter Ayodeji is a member of International Association of Engineers (IAENG), Council for Regulation of Engineering Practices in Nigeria (COREN), Nigeria Society of Engineers, Materials Society of Nigeria, Nigerian Institute of Mechanical Engineers (NiMechE) and Nigerian Institution of Engineering Management. He works as Associate Professor in the Department of Industrial and Production Engineering at the Federal University of Technology, Akure, Ondo State, Nigeria also appointed as Research and Innovation Associate Professor, Industrial Engineering Department, by Tshwane University of Technology, Pretoria, South Africa. 14 April, 2014 – 31 March, 2019. He specializes in Automation & Robotics, Applied Ergonomics and Machine & System Design. He has taught several courses both at undergraduate and postgraduate level such as: Engineering Drawing, Workshop practice, Manufacturing Technology, Machine Design, Fluid Mechanics, Industrial Engineering Analysis, Operation Research, Mechanics of Machines, Computer Aided Engineering, CAD/CAM for Manufacturing and Design for Manufacturing among others.

Michael Kanisuru Adeyeri is a member of International Association of Engineers (IAENG), Council for Regulation of Engineering Practices in Nigeria (COREN) and Nigerian Institute of Mechanical Engineers (NiMechE). He works as Senior Lecturer in the Department of Industrial and Production Engineering at the Federal University of Technology, Akure, Ondo State, Nigeria. He specializes in Computer Aided Engineering, Computer Aided Design, Agent Systems, Industrial Engineering, Condition Monitoring, Integrated Systems and Machine Learning.

Timothy Oluwole Ojo lectures at Industrial and Production Engineering Department of the Federal University of Technology, Akure, Ondo State, West Nigeria. He is registered as an Engineer by the Council for the regulation of Engineering in Nigeria (COREN) and a Corporate Member of the Nigerian Society of Engineers (NSE). He has taught many courses and supervised projects at the Undergraduate levels. He has published articles in reputable journals both nationally and internationally. His academic background is Mechanical Engineering while his area of specialization is Production and Industrial Engineering. He is a young, dynamic, energetic and result oriented Academic.

Lasisi Ganiyu Temitope is currently a master student in the mechanical engineering department of the Federal University of Technology, Akure, Nigeria. He received his bachelor of engineering degree in mechanical engineering from Ladoke Akintola University of Technology, Ogbomoso, Oyo State, Nigeria in 2007. He is also certified with Council for the Regulation of Engineering in Nigeria (COREN) and Corporate Member, Nigeria Society of Engineers. Nigeria (MNSE). He is skilled with the use of Auto CAD and Solid Works software. His research interest are in design and analysis and automation and control.
